Purpose

SPIE provides a learning/training environment which aims to ensure the health, safety, respect and productivity of all students. The use of drugs and alcohol may impair an individual’s capacity to learn safely, efficiently, and without risk of injury or a threat to your wellbeing, or that of other parties. Our policy is that no student is to attend training programs while under the influence of alcohol or drugs. Breaching this policy can result in removal from the training program.

Prescription Drugs and Medication

Nothing within our Drugs and Alcohol prohibits the use of prescription pharmaceuticals. You should check with your Doctor that your prescription does not impair your study performance or put you or others at risk.
